Dear Parents and Friends

Yesterday was the first in many parent morning teas. It was a great way for families to have an informal chat, meet some new faces and develop relationships with each other. Parents are the first educators of children and recognising the important role you play, and the challenges involved in parenting, is one small way St Francis Xavier can show our thanks to you.

An invitation is extended for families or caregivers with children in Year 1 or 2 to join next week at 8:45 in the library for a quick chat and coffee. I encourage parents, where possible, to join us for 10 minutes or an hour and develop positive relationships.

Staffing Changes

After successfully completing and achieving teacher registration Tania Briggs in Pre-primary is taking the remainder of the year off to pursue her teaching career. Congratulations Tania!

As a result several changes in staffing have occurred.

Renee Clerk will be taking on the full time role in Pre-primary M starting next Monday and Mrs Marnie Bombara commencing in Kindy J on Tuesday. Mrs Tania Briggs will work Wednesday mornings as the classroom teacher in PPR. We wish Tania well and I look forward to all ladies contributing in their respective roles for the remainder of the year.

God Bless

Ben Doyle
What's Inspiring 2W?

In 2W we have been learning about Narratives. We have been inspired by several Authors and Characters and have decided to write our very own Narratives. We have chosen many different ways to create our Narratives and we will be using our digital technology skills to showcase our stories at our assembly in Week 6. We hope you can be there!

Creating a Digital Narrative.

Planning the characters, setting, problem and solution.

Creating the setting.

Using Digital Technology to add music.

Working with friends to create characters.
