

## Chairman's Report AGM 2022

Good afternoon & welcome. Its always a pleasure to attend the AGM and see so many people positively invested in the education and well being of our students and school community.

I'd firstly like to start and acknowledge the contribution to my fellow members of the school advisory council, thankyou for your time, effort and contribution over the past 12 months. Whilst the role of the council has evolved in recent times your commitment and dedication to help deliver and advance our school as a first choice place of education for our children has remained unwavering and is to be commended.

Diversity of ideas, experience, different perspectives and skillsets are essential ingredients to a successful council and I believe that we have a group that reflects this and whilst its been a little more challenging this year with some of the changes made I appreciate your willingness to share and put forward your thoughts and ideas to ensure we continue to evolve and adapt with the ever changing external environment.

To the members of our P&F thankyou for your continued efforts to make our school a better place. It's a very small but committed team of volunteers. The work that you undertake goes far beyond fundraising and you play an integral role in bringing our school community together. The projects and events that you deliver goes a long way to encourage and maintain a culture of diversity and inclusivity within our school community and for that we thankyou

I also wanted to take this opportunity to personally thank and recognise the contribution of Murray Gardiner. Over 25 years supporting SFX is an outstanding achievement and you are to be commended for the legacy and positive impact that you have had on many that have passed through those doors during that time. We wish you all the very best with the new role.

Finally on behalf of the school advisory council I must commend and thank Ben, his leadership team, the office and administration staff and all of our teaching community for the way in which you have all shown great passion and commitment supporting our students and families over the past 12 months. Your hardwork, dedication and commitment to educating and supporting our children and helping to shape and influence their minds and values cant be understated. You all play a critical and integral role in showing our children that anything is possible and your ability to impact and help shape future generations can't be understated. Thank you for your unwavering faith in one another and of our children.

You can all be confident that you are positively enhancing the reputation as a school of choice within the region and for that I sincerely thank you.

This will be my last chair address as I have made the decision to step aside from the role and the advisory council after 5 years. This will provide the opportunity to provide fresh ideas, new energy and perspective which I think is really important.

I am proud of the contribution that's been made and wish the remaining members of the council and the school leadership team the very best for the future.

Kind regards

Jason Bunter  
Chairperson
